

In the name of Allah, the Beneficent, the Merciful.

Today we are witnessing The Fall of the Western World. A World that has dominated the darker people of our planet for the past 6000 years and we must admit that the rule of the Caucasians has been a very wicked and unjust rule. It is not natural or normal for a race of people to dominate all other races, like the Caucasian race has done. Black people have invested over 460 years of sweat, blood and their lives in America and continue catching hell and yet waiting for a benevolent Caucasian or Negro politician to come save us from our wretched condition. For years, both political parties have taken advantage and deceived Black people by just making promises to get our vote. When will we get fed up of being subjugated by this wicked, tyrannical hegemony? We are a deceived people!

The U.S. Government is the number one enemy of Black America and is currently holding us hostage. Their desire is that we rise up against them, so they can mow us down like the animal they see us as. It's not an accident that the conversation of reparations has never been discussed. We were promised 40 acres and a mule and we never even received the mule. Remember, there were over 500 treaties made with the Native American Tribes and all were changed, nullified, or broken, so what chance do we have of getting any retribution? The wealth gap today between Black people and Caucasians is a 228 year wealth gap. America has no intentions of righting her wrongs and that is why she is headed into the abyss. America is facing civil unrest, mayhem, anarchy, famine and we must prepare ourselves for The Fall of America. The only way we will get independence, is that we rise above our fears and demand our independence. We are asking for solidarity between the black, brown, red, yellow and the oppressed. Stand with us in this movement against white supremacy! Help us demand freedom, justice and equality for all who have been deprived of it! We applaud and appreciate the courage of those Caucasians who are fighting against injustice that is being done to the darker people and the oppressed. Until Native Americans and Black people receive justice, the judgment and calamities that are in America, will only get greater and greater.

Black people have become a Nation within a Nation and our time of being ruled by Caucasians and serving America is over! Today God is forcing us to come out of mainstream America and demanding us to get up, quit looking for handouts and do something for ourselves. One of the reasons why we have not united is because we spend too much time talking about it. We will never unite under religion, but we can under Black unity. The world knows that it is our time to rule and they are just waiting for the meek to inherit the earth. Let's unify and gain power, we can use a Political Party as a tool to begin the process! Just once, will we push our egos, envy, jealousy and mistrust out of the way and come together and produce real fruits of unity and keep it going until it becomes natural for us to do?

The Freedom, Justice and Equality Party

The wearing of this band will represent our solidarity.
